

New Company Name

We are now officially called ConnectorTech ALS Pty Ltd

For a number of years Colourview Electronics (Qld) Pty Ltd has traded as Connector~Tech as our product focus has changed from electronic components to Harsh Environment Connectors.

We have now taken the next step and officially renamed our company to ConnectorTech ALS Pty Ltd to match the trading name.

This change is purely a strategic marketing driven decision and in no way reflects any change to our status or ownership.

The ABN and ACN stay the same as does all the contact information. [Click here for contact details](#) .

Please alter our name to the new form in your computer systems and also check that all your systems have our correct address information.

Yours sincerely,

Les Cook

Managing Director
